Hi Shanaz,

My hair held up perfectly! In fact, I slept with the pins still in the night off the wedding and went to work the next day with the hairdo nearly perfectly intact! :-)

Last night I eventually decided to remove the pins but my hair is still looking lovely and curly! I had many compliments - than you so much again, I felt very special! (and it wasn't even MY wedding day! :-)

I have attached some photographs - we were so lucky with the weather, even though it was rather hot!

It'd would be great if you could email me the photos you've taken (also the ones at the trial) whenever you have some time.

Have a lovely day and a great weekend!

All the best,

Judith x
